INTERNATIONAL

2027 RI Convention Moves to Barcelona June 26-30, 2027

A quick but important update for your Rotary calendar: the 2027 Rotary International Convention has moved from Dubai to Barcelona. The convention will take place from 26 to 30 June 2027 at the Fira de Barcelona.

Sagrada Família beyond the food (which is reason enough), Barcelona offers an unforgettable mix of culture, coastline, and arts, including the stunning architecture of Antoni Gaudí, including the iconic Sagrada Família and the charm of the historic Gothic Quarter.

Add in a lively arts scene, and a warm Mediterranean atmosphere, and it's easy to see why Barcelona is such an exciting destination for a Rotary convention. Kudos to the Barcelona Rotarians for stepping up to host the convention.

If you haven't been to an RI Convention before, it's like a mini UN, with over 20,000 people from more than 140 countries participating. You can test it out at the upcoming RI Convention, June 13-17, in Taipei. Learn more here, then reach out to President Lenet with any questions or to confirm your attendance.

Shahzad Sabir
District Governor

Dear Rotary Leaders and Fellow Members,

It is with immense pride and a deep sense of responsibility that I welcome you to the Rotary year 2026–27. As you flip through the pages of this special edition, my greatest hope is that the stories, faces, and projects within it inspire you to reach new heights. This publication is not just a record of what we do; it is a living testament to the passion that drives our district forward.

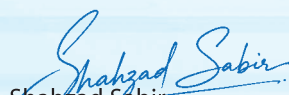

Since the day I was elected as your District Governor, my focus has been entirely on preparation, action, and ground-level engagement. I have spent the past months working tirelessly behind the scenes - reviewing club governance, strengthening our operational foundations, and mapping out strategic community initiatives. This preparatory groundwork was laid with a singular purpose: to ensure that our district hit the ground running on day one, fully equipped to transform lives.

As we embark on this new journey, we are deeply inspired by the vision of Rotary International President Olayinka Hakeem Babalola and his powerful theme Create Lasting Impact. This reminds us that true service is measured by the sustainable, permanent change we leave behind.

To achieve this, my leadership will continue to be hands-on, collaborative, and action-driven. I challenge every club leader and member to look beyond short-term fixes. Let us focus our energy on projects that strengthen communities for generations, elevate our public presence, and maximize our collective reach.

Let this special edition of GML be the spark that ignites your Rotary spirit for the year ahead. Together, let us translate our dedication into definitive action, unite our efforts, and create a legacy of truly lasting impact.

With warm regards and commitment to action,

Shahzad Sabir
District Governor (2026–27)

Get to Know Your District Governor

A conversation with DG Shahzad Sabir, beyond Rotary, beyond titles

by Faiza Fida Abbasi

Q: Who is Shahzad Sabir beyond Rotary?

A: Beyond Rotary, I am someone who values relationships, meaningful conversations, and bringing people together. While many people know me through Rotary and community service, those closest to me know that I find the greatest satisfaction in connecting with people and creating opportunities for others. I enjoy building communities, strengthening friendships, and helping people achieve their potential. I firmly believe that success is not measured by what we accumulate, but by the positive impact we have on the lives of others.

Q: What shaped you most as a person and as a leader?

A: Life itself has been my greatest teacher. My family, mentors, friends, professional experiences, and Rotary journey have all contributed to shaping who I am today. Along the way, I have learned that leadership is not about authority or recognition; it is about service, trust, and consistency. The people who influenced me most were those who led with humility, integrity, and compassion. Their example taught me that leadership is not about being in front—it is about helping others move forward.

Q: If someone who knows you well had to describe you in three words, what would they say?

A: I hope they would say approachable, dependable, and optimistic. I enjoy listening to people, understanding different perspectives, and finding solutions. I have always believed that every challenge carries an opportunity and that positive energy can inspire those around us.

Q: What role has your family played in your journey?

A: Every meaningful journey is supported by people behind the scenes, and for me that has always been my family. My wife, Sumaira, and our children have been my greatest source of encouragement throughout the years. Rotary often requires time, travel, and commitments beyond normal schedules, and their patience and support have made it possible for me to serve. More importantly, they remind me that leadership begins at home. No matter what responsibilities I hold, family keeps me grounded and focused on what truly matters.

Q: What is one life lesson you wish you had learned earlier?

A: That not every opportunity needs to be pursued. When we are younger, we often think success comes from saying yes to everything. Over time, I have learned that focus is just as important as ambition. Sometimes the opportunities we decline create more value than the ones we accept.

Q: What is one simple pleasure you never want to give up, no matter how busy life becomes?

A: Meaningful conversations. Some of the most valuable lessons and friendships in my life have come from simple conversations over a cup of tea or coffee. Long after events are over and projects are completed, it is often the conversations and relationships that remain. No matter how busy life becomes, I hope I never lose the time or desire to connect with people in a genuine way.

Q: Your Rotary journey started in Rotaract. What attracted you to the Rotary family?

A: My journey began as a Rotaractor. What attracted me initially was the opportunity to serve while developing friendships and leadership skills. Rotaract gave me a sense of purpose and belonging. It showed me that young people can make a meaningful difference when they come together with a common goal. As my involvement grew, transitioning into Rotary felt like a natural progression. Looking back, that decision changed my life in ways I could never have imagined. It opened doors to lifelong friendships, personal growth, and the privilege of serving communities both locally and internationally.

Q: What has been your most memorable Rotary moment so far?

A: It is difficult to choose just one moment because Rotary has given me countless memorable experiences. However, the moments that stay with me most are not the ceremonies or recognitions. They are the moments when you witness a project genuinely changing someone's life. Seeing a child receive an opportunity, a patient receive care, or a community gain hope reminds us why Rotary exists. Those are the moments that make every effort worthwhile.

Q: What are you most proud of outside Rotary?

A: Without hesitation, my family. Watching my children grow into confident young adults, pursue their own ambitions, and develop strong values gives me immense satisfaction. Their achievements and growth bring me far more joy than any title or position ever could. Rotary has enriched my life tremendously, but family remains my greatest blessing and my proudest achievement.

Q: What is your vision for District 3271 in 2026–27?

A: My vision is captured in three words: Create Lasting Impact. I want our district to focus not only on doing good but on creating sustainable and measurable change. Stronger clubs, stronger leaders, stronger partnerships, and stronger communities will be our priorities. I would like every Rotarian in District 3271 to feel engaged, valued, and inspired to contribute in a meaningful way. When we work together, our collective impact becomes far greater than the sum of our individual efforts.

Q: If your year as District Governor is remembered for one thing, what would you like it to be?

A: I would like it to be remembered as a year that brought people together. A year where clubs collaborated more, friendships grew stronger, and members felt a greater sense of belonging within the Rotary family. Projects may end, but relationships endure. If we strengthen those relationships, we create a foundation that will benefit the district for many years to come.

Q: What do you see as the biggest challenge facing Rotary today?

A: In today's fast-changing world, people's time and attention are constantly being pulled in different directions. Our challenge is to ensure that Rotary remains relevant, engaging, and meaningful for both current and future generations. We must continue to evolve while remaining true to our core values of service, fellowship, integrity, diversity, and leadership.

Q: What excites you most about the future of Rotary?

A: The younger generation. I see extraordinary talent, creativity, and passion among young leaders entering Rotary and Rotaract. They bring fresh ideas, innovative thinking, and new ways of solving old challenges. The future of Rotary is bright because the next generation is ready to lead, and it is our responsibility to create opportunities for them to thrive.

Q: What message would you like to leave for every Rotarian in District 3271?

A: Never underestimate the impact of your involvement. Every meeting attended, every project supported, every new member welcomed, and every act of service contributes to something much larger than ourselves. Rotary is not built by one leader or one club. It is built by ordinary people working together to achieve extraordinary things. If we remain united in purpose and committed to service, there is no limit to what District 3271 can achieve. Together, let us Create Lasting Impact.

Rotary Leaders Launch Polio Vaccination Drive Across Karachi Communities

Karachi: The Sub-National Immunization Days (SNIDs) against polio commenced today and will continue across Pakistan from September 4, 2025, as part of the country's ongoing efforts to eradicate the crippling disease.

The campaign was formally launched in Karachi with the participation of senior Rotary leaders, government health teams, and international partners. District Polio Chair and District Governor 2024-25, Rotary International District 3271, Shahzad Sabir, along with Member, District Polio Plus Committee, Past District Secretary & Executive Secretary, Rotary Club of Karachi Pearl, Waqar Ahmed Sheikh, President Rotary Club of Karachi Pearl, Dr. Syed Naveed Mansoor, and Assistant Governor Himadullah Sohoo accompanied the dedicated polio vaccination teams and a representative from the World Health Organization (WHO) during visits to various localities.

The teams engaged with parents and community members in Delhi Colony, PNT Colony, and Defence Phase 2 Extension, ensuring children under the age of five received the vital polio drops.

The visits also focused on raising awareness and reinforcing the message of "Two Drops of Life".

Speaking on the occasion, District Polio Chair Shahzad Sabir emphasized Rotary's continued commitment to ending polio in Pakistan.

"Rotary has been at the forefront of this global fight for decades. Each vaccination campaign brings us closer to a polio-free Pakistan. It is a collective responsibility, and together with our partners, we are determined to protect every child," he stated.

Shahzad Sabir further said that community participation is the backbone of the campaign, adding: "When parents, volunteers, and health teams work hand in hand, success becomes inevitable."

He also remarked: "Our mission is clear — no child should suffer from a disease that can be prevented with just two drops."

Rotary International, in partnership with WHO, UNICEF, and federal and provincial health departments, has been instrumental in supporting Pakistan's immunization efforts.

With ongoing challenges such as vaccine hesitancy and access in underserved areas, Rotary clubs across the country are mobilizing resources and volunteers to ensure that no child is left behind.

The four-day campaign will cover millions of children nationwide, reaffirming Pakistan's commitment to achieving global polio eradication goals.
